PERIODIC REPORTING
(PROPOSAL TWO)

Docket No. RM2016-10

NOTICE OF FILING OF USPS-RM2016-10/NP3
AND APPLICATION FOR NONPUBLIC TREATMENT
(November 7, 2016)

The United States Postal Service hereby gives notice of the filing today of the folder listed below as part of the **nonpublic** annex in this docket:

**USPS-RM2016-10/NP3 Nonpublic Material Provided in Response to
Commission Order No. 3596**

The material provided serves as a functional replacement of the files previously provided in USPS-RM2016-10/NP1 and USPS-RM2016-10/NP2, with the slight modification that identifiable third-party material has been removed. In accordance with the Postal Service's understanding of Order No. 3596 (October 28, 2016), the contents of the rows previously containing such material have been combined into other rows now containing broader aggregations.¹ Because the new folder still contains the Postal Service's own proprietary material of the type filed with respect to the ICRA in the ACR, however, the Postal Service incorporates by reference the Application for Non-Public Treatment of Materials contained in Attachment Two to the United States Postal Service

¹ With the slight input modifications required by Order No. 3596, these materials no longer tie back exactly to the ICRA results shown in the FY 2015 ACR, but the discrepancy (manifest in cell F49 of the All Cost Segs tab of Prop.Two.Impact.NP3.xls) clearly does not impede the illustrative purpose of the exercise – to show the impact that adoption of the Proposal would have had using FY 2015 costs.

Fiscal Year 2015 Annual Compliance Report, filed on December 29, 2015. The Postal Service has no objection to access to this material under standard protective conditions by the individuals working on behalf of UPS previously seeking access to USPS-RM2016-10/NP1 under such protective conditions.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
